Verse 1:

No more guilt and no more shame
For those who call upon Your name
You raised the dead and bring new life
And to the blind You've given sight

Chorus:

You're the truth that sets me free
There is nothing I could do
You gave it all to rescue me
Broke the chains, and made me new
Freedom is in You

Verse 2:

My Redeemer and my King
You have set this captive free
In this heart there is a celebration
For in You there is no condemnation

Bridge:

If the Son has set us free, then we are free indeed. (x2)
We are free indeed, Thank God we're free indeed.
