Verse 1:

I will never be the same again now that I've seen the cross
You have given new life to me and paid the debt for us all
Now my soul sings to You
You alone my Savior

Chorus:

You are worthy of endless praise
Son of God, You're the King of Kings
Perfect One, evermore You are God

Verse 2:

I will never be the same again now that I've seen the cross
You have changed my heart forever and I want to give back to You
Now I live just for You
Just to give You glory

Bridge:

I am ready now, to give up everything, and give it all to You
I am ready now, to give up everything, I give my life to You
